Experience

UI/UX designer (with frontend development)   Jan 2023- present

self employed

As a self-employed UI/UX designer, I specialize in crafting seamless and visually engaging digital experiences. With a keen eye for detail and a user-centric approach, I deliver designs that prioritize both aesthetics and functionality. Committed to creating compelling interfaces, I work independently to ensure each project reflects a perfect blend of user satisfaction and design innovation.

In addition to my UI/UX design prowess and frontend development skills, I thrive on the collaborative process, working closely with clients to understand their vision and objectives.
